To one of a philosophic turn of Henry Clews, in his special letter of July 20, gives the following cheer- mind it is of mournful interest to ful estimate of the business situation: note the decline and fall of that once "The prime factor in our business flourishing American institution, the side whisker. Whiskers have fallen situation at the moment is the splenicto disrepute. They are the emblemdid crop outlook. Wheat has been o' anarchy, or, paradoxically, of standhas been a decline of about 17 cents per bushel during the past month, and

patism, and they have become a byword and a hissing. .05 And yet, once upon a time our most honored and respectful citizens indulged in this form of personal disfigurement. Most of the Generals of the Civil War wore whiskers, and if you turn to any family album compiled in the early seventies you will find many fine specimens adorning the cheeks and chins of otherwise unimpeachable persons. There were other evidences, too, of a tendency o concealment which existed at the time the side whisker was in its prime. Those were the days when gingerbread houses were in vogue and concealed plumbing. But that does not serve to explain

curs. The outlook agriculturally, the decline of the whisker. If it was therefore, is eminently satisfactory; beautiful forty years ago, why is it and once more the farmers who must not beautiful now? One cannot say for still be considered the backbone of the sure. It may be that the nation-wide country are assured a profitable harcrusade for better sanitation, open plumbing and so on sounded the death "Prices are still high for nearly all knell of the whisker. Scientists tell agricultural products, but that must us that luxuriant whiskers formed an be chiefly attributed to relative scarcideal hiding place for germs, in the ity.
